En amerikansk författarpredikant skriver…

Today I'm talking about something absolutely stunning - the asteroid Apophis and its potential connection to the Bible prophecy about Wormwood (Revelation 8:10–11). NASA confirms this massive asteroid (1,200 feet wide, 20 million metric tons, traveling 28,000 mph) will arrive April 13th, 2029, coming within 20,000 miles of Earth. My dear friend Tom Horn had a prophetic dream years ago hearing "Apophis"—later discovering it's an ancient Egyptian demon of chaos. Why would NASA choose that name?

Here's the incredible math: if Apophis represents Revelation chapter 8's mid-Tribulation asteroid, counting back three and a half years on the Jewish calendar brings us to October 13th, 2025—when the Tribulation could begin. That means the Rapture would happen between now and then, possibly during this year's Feast of Trumpets (September 22–24). If the seven-year Tribulation runs 2025-2032, Jesus returns exactly 2,000 years after His crucifixion in 32 AD. I'm not setting dates, but this generation must be watching and ready!

- —it's God's roadmap showing us exactly where we're headed. And let me tell you, Jesus is coming back soon! I mean really soon! Look around you—Israel back in the land, technology advancing at breakneck speed, the nations aligning exactly as Ezekiel prophesied. These aren't coincidences. This is divine orchestration!

But here's what I love about this timeline—it's not about fear, it's about hope! While the world is falling apart, we know how the story ends. Every prophecy will be fulfilled to the letter, just like they always have been. So don't be discouraged by what you see on the news. Get excited! Our redemption is drawing near!
