Today I'm bringing a teaching on ten end-times signs that are all happening at the same time. People ask me all the time, "Are we really living in the End Times? What proof do we have?" I'm going to give you biblical proof and facts that show we are absolutely living in the End Times. I'm also going to show you why the scoffers are scoffing and the significance of the very year we're living in. Peter said in the last days believers would mock end-times teaching—and every time someone scoffs at the return of Jesus, they're actually fulfilling end-times prophecy. These ten signs are coming together in our lifetime, and Jesus said when you see these things begin to happen, look up and lift up your head because your redemption is drawing near.
